## UTI720E

## Enhanced Thermal Imager

UTi720E is an advanced thermal imager with Wi-Fi capability. Its large 3.5" IPS screen can clearly display 256x192 thermal resolution, 2MP visual camera, or a blended image of both. UTi720E's detachable. battery pack is also convenient for easy and quick battery change, allowing continuously work for long periods of time.

Wide temperature Large capacity battery range (5200mAh)

Digital zoom

Mobile analysis APP

	General Characteristics	
JAITRE	IR resolution	256x192 pixels
	Display	3.5" IPS (640x480 pixels)
	Field of view (FOV)	56° (H) x 42.2° (V)
	Thermal sensitivity (NETD)	50mK •
	Spatial resolution (IFOV)	3.8mrad
	Frame rate	25Hz
	Temperature measurement range	-20°C ~ 550°C (-4°F ~ 1022°F)
	Accuracy	±2°C or ±2% whichever is greater
	Battery	Li-ion battery (3.7V 5200mAh)
	Battery operating time	Continuous operating time ≥4h
	Function	
	Palettes	7 (W hite hot, Black hot, Red hot, Ironbow, Rainbow HC, Rainbow, Lava)
	Digital zoom	2x, 4x
	lmage modes	Thermal, Visual Image, Fusion, PIP
	Isotherm	6 (Auto, Ratio, Below, Above, Section, Manual)
	LED flashlight	Dual LED flashlight
	Wi-Fi download photos with mobile APP	V
	Auto tracking for Lo/Hi temperature	V
	Alarm	√ (Icon/Flashlight)
	Storage	16GB Micro SD Card
	On screen temperature analysis tools	Point 5/Line 1/Area 6
	Emissivity	0.95 default (0.01~1.00 adjustable)
	Software	Analysis, Real-time display
	Protection	IP54/2m
	Certificates	CE, UKCA, FCC, RoHS
	USB	Type-C
	Package	
	Product net size	260mm x 97mm x 99mm

630g

Micro SD card, Type-C USB cable, English manual, Li-ion battery pack
